Information for Persons Filing a Complaint

Overview of Investigative Process

The District Civil Rights Coordinator, Director of Human Resources, and/or Building Administrator will determine whether to conduct a site-level or District-level investigation. If additional information from you is needed, you will be contacted for a follow-up interview. The investigation will also include interviews with, and written statements from, the victim, the person against whom the complaint is made, witnesses, and others identified as having pertinent information.

The investigator will consider all the evidence and will make findings of fact and conclusions as to whether any District policies have been violated. In the case of policy violation, disciplinary action may be taken against the perpetrator. Other actions may be taken to address the effects on the victim and the work environment. To the extent legally permissible, the victim and the perpetrator will be notified of these decisions.

Confidentiality

The investigation will be conducted in a reasonably confidential manner. However, witnesses and others with pertinent information may need to be made aware of the investigation and sufficient facts to elicit their verbal/written statements. The investigator will take measures to protect confidentiality of the victim and the accused, including directing all witnesses to refrain from disseminating information related to the complaint and investigation.

You should also keep the complaint and investigation confidential. Do not attempt to conduct your own parallel investigation or discuss the facts of your complaint with others.

No Contact

You should avoid contact with the accused. This includes written, electronic, verbal, and in-person contact. If contact with the accused is unavoidable in the school, please notify the investigator.
